

CENTURION BOATS

2025 NV SERIES

Newly Designed From the Water Up

The new 2025 Centurion Nv213 and Nv233 are built on the wave that makes Centurion great – created by the Opti-V Hull. Newly designed from the water up, these high-performance models deliver Centurion's world class waves, wake and ride wrapped in a distinct aggressively styled package offered at a remarkable price that will lead you to your next victory. The all new Nv213 and Nv233 will pull you to the winner's circle.

Thoughtful Features and Desirable Options

Centurion's Nv Series models are designed to get you on the water at a great price. That doesn't mean they are bare bones or that you cannot heavily option the Nv213 and Nv233, if you choose. Among the included features is the design of the Nvs' unobstructed GatorStepped space between the tower and the Cropped windshield that facilitates easy communication directly with a rider – perfect for coaching. Centurion's high quality fit and finish with standard Comfort Strong or optional Cool Touch upholstery is part of the design for the Nv models. A convenient walkthrough trash shoot is included between the driver walkthrough and the bow – the type of feature we believe is a necessity, not a luxury. A pop-up ski pylon is standard, as is a comfy, well-designed Cobra Racing Driver's Seat. The driver has convenient stereo control with the touch screen Wet Sounds face that includes a volume knob. To option-up the stereo control and extend it to the swimstep, a transom remote can be added to the back of the boat. Rear-facing flip-up port or starboard stadium seating is available to give more of your passengers a great view to the surfing action behind the Nvs.

Enjoy the World's Best at the Best Price

No matter which Nv model you choose, the bottom line is that you're getting a surf-ready boat with Centurion's legendary waves, wake and ride. If you are a wake sports enthusiast, you know that means you're getting into a boat that can elevate your experience from the first ride. The Nv213 is our price point version, available at \$133,995.00 USD "Surf-Ready" plus shipping, tax, license and dealer prep in North America. It may be a price point boat, but the performance is pure gold. The Nv233 takes it up a notch, with two more feet of length, room for two more passengers and even more of the look that says high performance even when docked. It comes with up to 5000 pounds of available ballast, more than half of which can be filled in 90 seconds with available RAMFILL². The Nv Series offers a world championship caliber surf that can be easily customized at the EVO Touch Vision dash. Ready to wakeboard? Disengage the available QuickSurf Pro and watch symmetrical launch ramps form to propel you to your next victory. Whether you choose the 21 or 23 foot version, the Centurion Nv leaves nothing to be desired except more time on the water. Visit your local Centurion Boats dealer to achieve your next victory.

Nv213 Surf-Ready Package, \$133,995 USD plus shipping, tax, license and dealer prep in North America.

When we say surf-ready package, we mean it. Built on the Centurion Opti-V Hull, the Nv213 includes the essentials for an unforgettable day of surfing. That means great tunes – with the Centurion Champ System by Wet Sounds, ample board storage with Roswell’s MAG swivel board racks, excellent displacement with the plug-n-play rear ballast bags, the essential QuickSurf Pro system, the 90-second fast filling RAMFILL² “The Baller”, Centurion’s Silent Stinger wake plate for a quiet ride, Battle Advance Tower by Roswell with large bimini and a perfect-fitting cover by Great Lakes.
